

Ford Employees thanked 'Nammavar' Kamal Haasan

American automobile giant Ford Motor Company had set up its manufacturing unit in Chennai. They had employed thousands of people in Tamil Nadu and as part of their expansion, another unit was established in Gujarat. Both the units have been operational for many years now providing livelihood for several thousand people and small businesses.

Recently, the company had announced that it will be shutting down its manufacturing units in India because of its operational loss. This move has resulted in a massive job loss and affected the ancillary companies that supply smaller auto components to Ford.

Our Leader, Nammavar Kamal Haasan had voiced out his support in favour of the factory workers at the Ford motor company, Chennai plant earlier. In a move to save their jobs, Nammavar had strongly urged the State Government to intervene in this matter to provide an amicable solution to save jobs and secure the future of Ford Employees.

Following this, the employees of the Ford Company met Nammavar Kamal Haasan and thanked him for his support. Nammavar provided counsel to the Ford employees and assured that he and his party members will do the best possible to stand in their support to fight and retain jobs. He also said that he would continue to request the State Government to look into the future well-being of Ford Employees.
